Nomination of Export-oriented SMEs for GIZ Business Opportunity & On-boarding Drive

SMEDA has received a request from GIZ to facilitate outreach for a SME business opportunity and on-boarding drive for accelerating green transition among SMEs in selected export-oriented value chains in Pakistan. The drive is being implemented with the support of the Government of Pakistan and with co-funding from the European Union (EU) and the German International Development Agency (GIZ).

The program aims to support SMEs through technical advisory, matching grant opportunities, investment readiness and green transition initiatives to enhance business competitiveness.

In this regard, SMEDA has requested our association to nominate suitable export-oriented SMEs among our member firms for participation and availing benefit from this initiative.

A plenary introductory session is tentatively planned for the first week of August 2026 in Karachi. The venue and final schedule will be communicated to the SMEs nominated by our association.

Nominations are required in any convenient format, mentioning the nominee's name, company/firm name, designation, sector, contact number and email address etc at the earliest convenience to facilitate further coordination.

Interested member concerns are therefore requested to approach the Association secretariat as soon as possible for submission of their particulars to SMEDA for their participation accordingly.

The future of textile exports

Attached herewith, please find a worth-reading article on the subject, published in daily "Jand" Karachi on 15th July 2026.
